

Break-Away Bicycle Club of Kokomo

Presents

VIRTUAL

Due to the cancellation of the Haynes Apperson festival and the risks of riding in large groups at this time, the annual SunStroke 74 ride will be VIRTUAL this year. Registration can be done online (see link below) or via the mail-in form on the back. All registrants are encouraged to post pictures before and after their rides on social media (be sure to make them public) with the tag #BABCsunStroke2020. After the event is complete, all registrants will be sent a beautiful finisher medal to commemorate the event. All riders are encouraged to ride a full 74 miles or as much as they are able to on July 4th or anytime that weekend! This will obviously be a self-supported ride, so we want everyone to ride safe. Our team will have the 74 mile route we had intended to use this year available on Ride With GPS (see our website and/or facebook for that link closer to the ride), for anyone that would like to ride (unsupported) that route. You can download or print out that route or select any route that is convenient or more appropriate for you. This is virtual, so you can ride anywhere or anytime that is convenient to you during that weekend. Again, pictures and updates on social media are highly encouraged so we can show our support for you, our cycling community! Thank you all for joining us on this ride. Be safe.

Online registration: \$10 (includes finisher medal being mailed to you after the event)
